

LEMON

PERDIDO BITTERS
CREATED BY LIQUID EXPERIENCE

At Liquid Experience, we understand that all evolution stems from a deep understanding of the classics. With Perdido Lemon, we remain strongly committed to both innovation and tradition, preserving the “traditional” essence of a bitter while adding our own unique character.

With Perdido Lemon, we present a fresh and effervescent creation, characterized by clear notes of fresh lemon zest, complemented by the depth of dried lemon peel, enriched with fresh, spicy notes of green cardamom, Sichuan pepper, and ginger, along with the texture provided by almonds and the sweetness of orange blossom honey. This lingering spiciness elegantly blends with the final bitterness, adding complexity and body to our creation.
